New Source Review newspaper advertisements for construction permit applications, November 1, 2007. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: November 13, November 14, November 15, or November 19, 2007. Public notices are generally published every two weeks. The previous publication of public notices was November 1, 2007.

## **PUBLIC NOTICE**

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9<sup>th</sup> Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is <u>Bakers Construction Services</u>, <u>Inc.</u> with a mailing address of <u>P.O. Box 417</u>, <u>Piney Flats</u>, <u>TN 37686</u>. They seek to obtain an air contaminant permit (Division identification number: <u>01-0237-01/61368</u>) for construction of a <u>Portable Rock Crushing and Sizing Operation</u> located at <u>120 Tanner Lane</u>, <u>Clinton</u>, <u>TN 37716</u>. Wet Suppression is used for pollution control. There would be physical construction. There would be an increase in the regulated air contaminants emitted by this source. Mr. D. Logsdon is the assigned Division person.

For the Anderson County Oak Ridger -- published once on or before Monday, November 19, 2007.

The applicant is <u>Vulcan Construction Materials, L.P.</u> with a mailing address of <u>P.O. Box 7, Knoxville, TN 37901</u>. They seek to obtain an air contaminant permit (Division identification number: <u>06-0021-05/61224</u>) for construction of a <u>Screening Operation</u> at <u>3854 Bates Pike, Cleveland, TN 37323</u>. This proposed operation would consist of a portable screen and associated equipment used to screen and size rocks. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Reynolds is the assigned Division person.

For the Bradley County *Cleveland Daily Banner* -- published once on or before Thursday, November 15, 2007.

The applicant is <u>TWT, LLC</u> with a mailing address of <u>2295 Highway 19 East, Elizabethton, TN 37643</u>. They seek to obtain an air contaminant permit (Division identification number: <u>10-0092-01/61467</u>) for modification of an existing <u>Pet Crematory Operation</u> located at <u>2295 Highway 19 East, Elizabethton, TN 37643</u>. The existing operation consists of a natural gas or liquid petroleum gas incinerator and associated equipment and is used to cremate animals for disposal. The requested modification is to lower the minimum secondary chamber temperature and change the charging rate to an average weight. A secondary afterburner is used for pollution control. There would be no physical construction. There would be no increase in the regulated air contaminants emitted by this source. Mr. D. Logsdon is the assigned Division person.

The applicant is <u>Delta Contracting Company LLC</u> with a mailing address of <u>P.O.Box 427</u>, <u>Humboldt</u>, <u>TN 38343</u>. They seek to obtain air contaminant permit (Division identification number: <u>12-0040-01/61131P</u>) for installation of a <u>Drum Mix Asphalt Plant</u> located at <u>East of the intersection of SR5 and Church Street Drive</u>, <u>Henderson</u>, <u>TN 38340</u>. The proposed operation would consist of a mixer and associated equipment used to produce asphalt. A baghouse and low NOx burner would be used for pollution control. Regulated air contaminants would be emitted by this source. Mr. Jim A. Attar is the assigned Division person.

For the *Chester County Independent* -- published once on or before Thursday November 15, 2007.

The applicant is <u>Giles Industries</u> with a mailing address of <u>405 South Broad Street</u>, <u>New Tazewell, TN 37825</u>. They seek to obtain air contaminant permits for air contaminant sources located at <u>the same address</u> as follows:

- (1) <u>Woodworking Operation</u> (Division identification number: <u>13-0019-01/61375</u>). This existing operation consists of equipment used for building wood frames for windows and doors. A baghouse is used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Ms. Hymelia Craig is the assigned Division person.
- (2) <u>Surface Coating Operation</u> (Division identification number: <u>13-0019-02/61371</u>). This existing operation consists of one spray booth and associated equipment used for coating steel beams for mobile homes. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Ms. Hymelia Craig is the assigned Division person

For the Claiborne County Claiborne Progress -- published once on or before Thursday, November 15, 2007.

The applicant is <u>Frito-Lay</u>, <u>Inc.</u> with a mailing address of <u>298 Industrial Blvd</u>, <u>Pulaski</u>, <u>TN 38478</u>. They seek to obtain air contaminant permits for air contaminant sources located at <u>298 Industrial Blvd</u>, <u>Pulaski</u>, <u>TN 38478</u>, as follows:

- 1) <u>Bulk Material Handling System</u> (Division identification number: <u>28-0022-05/61271</u>). The proposed operation would consist of Silos No. 1 through No. 7 and associated equipment used in material handling. A baghouse would be used for pollution control. Regulated air contaminants would be emitted by this source. Mr. Jim A. Attar is the assigned Division person.
- 2) <u>Baked Nut Snacks Line Operation</u> (Division identification number: <u>28-0022-09/61272</u>). The proposed operation would consist of a natural gas-fired oven and associated equipment used to bake snack foods. Natural gas would be used as primary fuel and LPG used as secondary fuel. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. Regulated air contaminants would be emitted by this source. Mr. Jim A. Attar is the assigned Division person.

For the Giles County *Pulaski Citizen* -- published once on or before Thursday, November 15, 2007.

The applicant is <u>Nobel Automotive Tennessee</u>, <u>LLC</u> with a mailing address of <u>190 County Home Road</u>, <u>Paris</u>, <u>TN</u> <u>38242</u>. They seek to obtain air contaminant permits for air contaminant sources located at the same address, as follows:

- (1) <u>Steam Generating Boilers</u> (Division identification number: <u>40-0099-07/61470</u>). This existing operation consists of two boilers and associated equipment used to produce plant steam. The requested modification is to replace the existing boilers with two new boilers. Natural gas would be used as fuel, with #2 fuel oil as an emergency backup. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Fuss is the assigned Division person.
- (2) <u>Post Cure Oven</u> (Division identification number: <u>40-0099-08/61471</u>). This proposed operation would consist of a natural gas fired oven and associated equipment used to cure rubber hoses and tubing. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Fuss is the assigned Division person.

For the Henry County *Paris Post-Intelligencer* -- published once on or before Thursday, November 15, 2007.

The applicant is Matheson Tri-Gas Products, Inc. with a mailing address of P.O. Box 321, New Johnsonville, TN 37134. They seek to obtain an air contaminant permit (Division identification number 43-0037-09/61448) to construct a Hydrogen Selenide Gas Manufacturing and Purification Process at 200 Matheson Gas Co. Lane, New Johnsonville, TN 37134. This proposed operation consists of two (2) hydrogen selenide manufacturing lines with an activated-carbon captive air scrubber. An activated carbon scrubber would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. W. Medley is the assigned Division person.

For the Humphreys County News Democrat -- published once on or before Friday, November 16, 2007.

The applicant is <u>Vulcan Construction Materials, L.P.</u> with a mailing address of <u>P.O. Box 7, Knoxville, TN 37901</u>. They seek to obtain an air contaminant permit (Division identification number: <u>58-0073-02/61258</u>) for construction of an <u>Screening Operation</u> located at <u>802 19<sup>th</sup> Street, South Pittsburg, TN 37830</u>. This proposed operation would consist of a portable screen and associated equipment used to screen and size rocks. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Reynolds is the assigned Division person.

For the Marion County Jasper Journal --published once on or before Thursday, November 15, 2007.

The applicant is <u>PGM Recovery</u>, <u>LLC</u> with a mailing address of <u>7269 Cross Park Drive</u>, <u>Suite B</u>, <u>North Charleston</u>, <u>SC 29418</u>. They seek to obtain an air contaminant permit (Division identification number: <u>62-0310-01/61261</u>) for construction of a <u>Leaching Tank</u> located at <u>313 Industrial Park Road</u>, <u>Sweetwater</u>, <u>TN 37874</u>. This operation would recover precious metals in cake form. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. There would be an increase in the regulated air contaminants emitted by this source. Mr. D. Logsdon is the assigned Division person.

For the *Monroe County Advocate* --published once on or before Thursday, November 15, 2007.

The applicant is Tyson Foods Inc-Obion County Processing with a mailing address of P.O.Box 669, Union City, TN 38261. They seek to obtain an air contaminant permit (Division identification number: 66-0112-05/61290) for installation of a Frying Operation located at 2800 E. Tyson Drive, Union City, TN 38261. The proposed operation would consist of five (5) indirect heated fryers. An inline air scrubber in the discharge duct would be used for pollution control. Regulated air contaminants would be emitted by this source. Mr. Jim A. Attar is the assigned Division person.

For the Obion County *Union City Daily Messenger* -- published once on or before Thursday, November 15, 2007.

The applicant is <u>Vulcan Construction Materials, L.P.</u> with a mailing address of <u>P.O. Box 7, Knoxville, TN 37901</u>. They seek to obtain an air contaminant permit (Division identification number: <u>72-0096-05/61203</u>) for construction of a <u>Screening Operation</u> at <u>5730 Old Washington Highway, Dayton, TN 37321</u>. This proposed operation would consist of a portable screen and associated equipment used to screen and size rocks. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Reynolds is the assigned Division person.

For the Rhea County *Herald-News* -- published once on or before Thursday, November 15, 2007.

The applicant is <u>Royal Mouldings, LLC</u> with a mailing address of <u>P.O. Box 610, Marion, VA 24354</u>. They seek to obtain an air contaminant permit (Division identification number: <u>82-0297-05/61399</u>) for modification of an existing <u>Plastic Extrusion Operation</u> located at <u>328 Industrial Drive, Bristol, TN 37620</u>. The existing operation consists of plastic extrusion operations used to manufacture plastic molding. The requested modification is to add new extruders to the existing operation and to increase the permitted input rate. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. There would be an increase in the regulated air contaminants emitted by this source. Mr. D. Logsdon is the assigned Division person.

For the Sullivan County *Bristol Herald Courier* -- published once on or before Thursday, November 15, 2007.
